Reason: _____

I understand that, pursuant to Section 105c of the State School Aid Act of 1979, MCL 388.1705c, Oxford Community Schools **must** have a written cost-sharing agreement with the resident district as to the payment of added costs associated with an out-of-county student's special education programs and services. This agreement is required if the student is identified as a special education student at the time of enrollment, when transitioning from part- to full- time, or at the time of a residency change, or if the student is ever identified as needing special education programs or services at any time after enrollment. Further, the agreement will need to be amended if there are significant changes in the costs or level of special education programs or services that are required by your student. If Oxford Community Schools is unable to reach a cost-sharing agreement with your district of residence, your child will no longer be able to continue enrollment in Oxford Community Schools. A written agreement would continue to be required even if a parent revokes consent for special education services.
